THE BARONY WELCOMES YOU

The Barony of Carolingia is part of the East Kingdom, one of 20 kingdoms that make up the Society for Creative Anachronism (SCA). Our territory covers the Eastern half of Massachusetts, and was founded in 1970, making us one of the oldest groups in the SCA.

The SCA sponsors events such as tournaments, feasts, and university sessions where members dress according to medieval and Renaissance styles, and participate in activities based on the civil and martial skills of the period. Activities include costuming, armoring, and combat arts (including archery and rapier combat), calligraphy, dancing, music, cookery, and board and field games, plus a variety of technical and social skills which help establish the ambiance of life at a period court. Society events are open to the public, but, in keeping with the emphasis on living history rather than dramatic performance, all attendees are expected to make an attempt to preserve the atmosphere and fit in with the SCA's standards of dress and behavior.

If you are a maker, an athlete, a performer, a researcher, an artist, a cook, an archer, a dancer, a lover of history – there is something for you in the SCA.

AXES AND KNIVES AND ARROWS...

Test your aim on the range with knives, axes, and spears or, if archery is more your calling, head to the archery range and let loose a volley of arrows!

SWORDS AND SHIELDS AND RAPIERS...

Watch the fighters as they take the field with sword and shield, or the fencers as they suit up and fight with rapier and cloak...

ART AND DANCE AND MUSIC...

If the arts are more your flavor, try your hand at calligraphy, weaving, spinning, blacksmithing, cooking, dance, music, or performing comedy!
